

PRESIDENT

Ben's story with the Lakers started when he was a kid, playing from 1989 to 1996.

Since then he's gone on to a life shaped by basketball. He played NBL1 with the Raiders, completed an internship with the Cincinnati Bearcats, and earned a University of Melbourne University Games 2000 Silver Medal with Green and Gold selection...

He returned to Lakers as a parent and coach, leading U8s in 2016 and coaching the 14.1 Boys for three seasons to an A Reserve Grand Final. He's now the Assistant Coach for Raiders 16.4 Boys, still giving back to the pathways that shaped him.

Off the court, Ben brings experience in physiotherapy, sports injuries, business development and management. He has grown Hills Physio from 3 staff to 28 across 3 locations.

He loves skiing, craft beer and smoking meat, not necessarily at the same time.
